ABOUT EVENT

EV CONNECT 2026 is Central India's largest EV gathering, bringing together EV owners, enthusiasts, innovators, charging experts, and sustainable mobility supporters under one platform. The event is designed to create awareness about electric vehicles, smart charging solutions, green energy, and the future of sustainable transportation.

Through networking sessions, EV discussions, community interaction, and awareness activities, the event encourages people to explore the benefits of electric mobility and contribute toward a cleaner and greener future. EV CONNECT 2026 is not just an event — it is a movement focused on building a stronger EV ecosystem and accelerating India's transition toward sustainable transportation.

The platform also connects EV stakeholders, charging infrastructure providers, and EV users to share knowledge, experiences, and real-world insights about EV adoption, charging habits, safety, and future technologies.

Go Electric Go Green – 2018

In 2018, Go Green Go Electric became one of Central India's early EV awareness initiatives. The event featured a pioneering EV rally with electric two-wheelers, four-wheelers, and three-wheelers. Its mission was to spread awareness about sustainable transportation and electric mobility. The initiative inspired Indore to embrace a greener future and lead the transition toward EV adoption.

INDIA'S EARLY EV MOVEMENT GO GREEN GO ELECTRIC | 2018

In 2018, **Go Green Go Electric** became one of Central India's pioneering EV awareness initiatives, bringing together electric vehicle owners, green mobility supporters, and future-focused citizens under one platform.

The event featured one of India's early Electric Vehicle Awareness Rallies, where two-wheelers, four-wheelers, and specially electric three-wheelers participated together to spread awareness about sustainable transportation and the future of electric mobility.

The core vision of the event was simple yet powerful — to show the people of Indore that the EV future is coming, and to inspire the city toward becoming one of India's leading green mobility cities.

Proud Moments

EVENT HIGHLIGHTS

- One of Central India's Early EV Awareness Rallies
- Participation from EV Owners & Green Mobility Supporters
- Electric Two-Wheelers, Three-Wheelers & Four-Wheelers Showcase
- Public Awareness Campaign for Sustainable Transportation
- Community Interaction & EV Discussions
- Vision to Build a Greener Future for Indore

TIMELINE

2018 → GO GREEN GO ELECTRIC

Starting awareness around electric mobility in Indore.

2026 → EV CONNECT 2026

Building Central India's largest EV community platform.
